

Living Income Activity Dashboard

Introduction:

This document provides information to help you and your organisation make connections for working on the topic of Living Income, whether you're looking for partnerships, collaboration opportunities or support. This is a dashboard for people to promote activities, needs and services they can provide or need help with on the topic. If your initiative, activity or service is not listed here and you would like to be added please send the appropriate information to adam@isealalliance.org
