# **Logistics Pack:** Scaling Income Improvement for Small Scale Producers in India: Exploring how a living income lens can align Practice, Partnerships and Markets

19-20 November 2026| New Delhi, India

Thank you for being part of the Living Income Workshop hosted by the Living Income Community of Practice.

As you prepare to attend, we want to provide you with important logistical information to help make your experience as smooth as possible. We understand that attending an event can be overwhelming, but we hope this guide will answer any questions you may have about accommodation, visa requirements, weather, travel advice, and the venue.

Please take the time to review this information carefully, and do not hesitate to reach out to us with any further questions or concerns at livingincome@isealalliance.org

We look forward to seeing you soon!

## 2. Travel advice, Help, and support

**Visa information**

All foreign nationals must have a valid visa when arriving in India. Nationals of Japan, South Korea, and the UAE are eligible for a Visa on Arrival, all others must apply for an e-Visa at least 4 days in advance of their trip. Travellers can apply through the official government of India e-Visa portal. Travellers must have a passport with six months of validity from the date of their visa application.

Please visit the Government of India Visa Application Portal for more information.

**E-Arrival Card**

Foreign nationals arriving in India must also complete the official online e-arrival card before reaching immigration. It can be completed up to 72 hours before arrival. The e-arrival card *is not a visa*, travellers still need a valid e-visa.

**Health certificates and arrival documents**

- A yellow fever vaccination certificate is required for travellers arriving within 6 days of departure from or transit through an area with yellow fever transmission risk.
- Proof of polio vaccination may be required for travellers arriving from certain polio affected countries.

## 3. Venue

**Venue:** India Habitat Centre
**Workshop room:**
**Address:** India Habitat Centre, Lodhi Road, New Delhi, 110003
Map: IHC location and layout

**Getting to the venue**

The nearest Delhi Metro stations are Jawaharlal Nehru Stadium Station (Violet Line; 1.5 km) and Jor Bagh (Yellow Line, 1.6 km). Allow 20 minutes walk from either station.

Here is an overview of transport links from Indira Gandhi International airport:

| Mode | Directions | Avg. Cost (INR) | Avg. Time |
|---|---|---|---|
| Metro from Terminal 1 | • Take the Magenta line from Terminal 1 IGI Airport towards Botanical Garden<br>• At Kalkaji Mandir, change to the Violet Line towards Kashmere Gate and alight at JLN Stadium<br>• Walk 15-20 minutes to India Habitat Centre | ₹43.00 | 1 hr |
| Metro from Terminals 2/3 | • Take the Airport Express (Orange Line) from Terminal 2 or 3 to New Delhi<br>• Alight at New Delhi Railway Station, go to Gate 2<br>• Board the DTC 440 bus<br>• Alight at Lodhi Road Crossing<br>• Walk 8-10 minutes to India Habitat Centre | ₹114.00 | 55 minutes |
| Taxi | • In Terminal 1, taxi counters are located on Level 0 of the Multi Level Car Park<br>• In Terminals 2 and 3 taxi counters are located outside the Arrivals zone<br>• Taxis can also be preordered using Uber or Ola apps | ₹985 - 1200 | 1 hr |

## 4. Getting around

The Delhi Metro is the most predictable option for journeys. Transport options include:

- Delhi Metro
- Ride hailing apps: Uber, Ola, Rapido
- Auto-rickshaws
- DTC bus network

## 5. Accommodation

You can book a room at the India Habitat Centre (the venue) through the Habitat Residency for ₹4400 INR per night; email rooms@habitatworld.com or call +011 43663333

Alternative hotels close to the venue include:

- The Lodhi
- The Claridges New Delhi
- Ambassador New Delhi
- Lutyens Bungalow

## 6. Climate

**Weather**

- November is generally dry and temperate, with daytime temperatures of 27-28°C and mornings and evenings of around 13-14°C

**Air quality, heat, and seasonal conditions**

- Severe air pollution is a major concern in northern India, especially from October to February. Check the local AQI and reduce strenuous outdoor activity when pollution is high
- Participants may wish to bring a well fitting N95 or FFP2 mask
- Carry water, use sun protection, and wear light clothing during the hottest part of the day

## 7. Safety and Security

Stay alert and take the same basic precautions as any large city.

- **Belongings:** Pickpocketing, bag-snatching, scams and ticket touting can occur in tourist areas, stations, markets, and crowds. Keep valuables out of sight and use a zipped bag.
- **Documents:** Keep copies of your passport, visa, insurance and flight information separately from the originals and securely online.
- **Transport**: Use hotel transfers, pre-paid taxis or app-based services, especially after dark.

# 8. Health

It is recommended that all travelers have adequate health insurance that covers any medical emergencies during your stay.

**Vaccine Recommendations**

- Ensure routine vaccinations are up-to-date
- Recommended vaccinations: Hepatitis A, typhoid
- Recommended vaccinations for some: Hepatitis B, rabies, cholera, chikungunya and Japanese encephalitis
- Use insect repellent, wear long sleeves where practical and take bite precautions day and night

**Water and Food Safety:**

- Drink sealed bottled water and avoid ice
- Use safe water for brushing teeth
- For detailed health advice, including risks associated with food, water, and insects, visit the National Travel Health Network and Centre website here
